Welcome to the IDL Online Guide! From the Online Guide you can:

- **View an IDL Manual.** All IDL manuals are hypertext linked for easy navigation. Click on the “Online Guide” bookmark in any manual to return to this online guide.
- **Use the IDL Master Index** to find information you’re looking for. The Master Index is a combined index of all the manuals in the IDL documentation set.
- **Search the IDL Manual Set** for information you’re looking for using Acrobat Search, a full-text search engine.
- **Learn More About Research Systems, Inc. Products and Services** including other software products, Technical Support, and Professional Services.
- **Visit IDL Resources on the Internet.** This is a link to our web site that includes information about the IDL Newsgroup and some of our customer Web sites with IDL libraries and research.
- **How to Contact Research Systems.** Find our address, phone, Web, and email addresses to our corporate headquarters and distributors.
