### 1.2 Second subsection

A small nice citation from [1]:
A bird cannot land once on a great tree and claim to know it. But I imagine that he would, yes.

Second section, starred

This is a starred section; you can test here variations on the \texttt{\textbackslash mtcaddsection} command. Just uncomment one (and only one) of the \texttt{\textbackslash mtcaddsection} commands after \texttt{\textbackslash section*} in the source code of \texttt{mtc-add.tex}. For each case, look at the Table of Contents and at this section. I also added a lot of index entries, just to test.
